Mr. Travis Parton
Dukane Precast
1805 High Grove Lane
Naperville, IL 60540

Subject: Letter of Recommendation

Travis,

This letter is a recommendation for the precast concrete supplied by Dukane Precast on the Mahn Court 120,000 sq. ft. distribution project located in Oak Creek, WI. The approximate 52,000 SF of precast insulated wall panels delivered by Dukane Precast was coordinated to be delivered several weeks earlier than the original committed delivery date.

Dukane Precast accepted our challenge of expediting delivery that allowed us to decrease our overall project schedule saving the owner from winter condition monies.

The partnership/team effort, quality of product and service provided by Dukane Precast has exceeded our expectations.

In short, Dukane delivers!

Best regards,

Mike Byrne
